The Rescueteer

Susquehanna Valley Collie & Sheltie Rescue

WINTER NEWSLETTER

Volume 1 issue 1

To Volunteer, foster or donate, go to www.svcsr.org or call 717-766-6110

SVCSR is a 501c3 Non-profit PA Corporation, member of PANO, and a PA Pure Public Charity

Our mission is to rescue collies & shelties in need and place them in loving forever-homes.

It's Raining Collies & Shelties

And no doubt will soon be snowing them on us!

SVCSR, your rescue organization, has been inundated with owner turn-ins and shelter rescues. We are not having a problem getting them adopted, but your group needs your help.

SVCSR desperately needs foster homes.

The collies & shelties need your help! If you can open your home and your heart to a foster collie or sheltie, please go to www.svcsr.org and fill out the adoption

application. No, you won't be adopting [unless you want to, of course!] - just put FOSTER as the pet's name. We will then contact you and work with you to explain foster care and help you get started. You will not be obligated to fostering by filling out the application. This just lets SVCSR know that you are ready to get involved to help our breeds. You can decide after we give you a one-on-one overview of how rescue fostering for SVCSR works. Please help if you can. We need you. The collies and shelties

need you. Ask us how fostering can be a tax-deductible donation to your rescue!

SVCSR needs STUFF

Donations of toys, beds, blankets, towels, Pedigree dry dog food, supplements and other items are always needed by SVCSR. Your donations will be picked up by an SVCSR representative and you will be given a receipt for your taxes. **All donations to SVCSR are tax-deductible.**

Boiling Springs Animal Hospital & SVCSR

Support Boiling Springs Animal Hospital!

Almost all of SVCSR's intakes this year have been special needs, medically. Boiling Springs Animal Hospital [BSAH] has been wonderful to us. Please support BSAH for your veterinary needs! They can be reached at 717-258-4575.

A Lot of Teamwork

SVCSR has kept Dr. Purcell & Dr. Pittelli very busy this year. Almost every male intake had to be neutered. We had several with rear dewclaws to be removed, and many that needed dental work. We also had several emergency situations. BSAH has always taken care of the needs of our collies and

shelties, and gives SVCSR priority scheduling as well as a discount.

How You Can Help

Even with the generous discount that BSAH gives to SVCSR, the sheer numbers of needs this year has broken the bank. Please become a financial supporter of SVCSR. All donations are tax-deductible!

Doggie-U of Camp Hill Has Teamed With US!

Behavioral Challenges

Many of SVCSR's intakes this year have been untrained or downright traumatized. SVCSR is fortunate to have DOGGIE-U of Camp Hill, and trainer Amy Powell, on our team! Amy donates her time, expertise and her home to

SVCSR on a case-by-case basis to help with traumatized collies & shelties. Amy also works with the dogs of the HOPE [Hounds of Prison Education] program at the State Correctional Institution—Camp Hill. This is a very worthwhile program and SVCSR is honored to have had a

collie, Angel, participate in this program!

Your Training Needs

Please support Amy and DOGGIE-U for all of your training needs. Amy can be reached at 717-773-3044. Individual training is available, as well as group training classes.
